

# PRESERVATION PARKS FOUNDATION

## 2025 ANNUAL IMPACT REPORT

### Our Mission:

The Preservation Parks Foundation is dedicated to raising funds and awareness to support the inspiring goals of Preservation Parks of Delaware County—creating spaces where memories are made, families grow closer, and nature thrives for generations to come.

### Total Raised in 2025:

# \$773,791

**\*includes a generous bequest from the Estate of Jeanne Conrad**

### Area 51 Gala Fundraiser: Declassifying the Hidden Gems of Preservation Parks

#### Together, We Raised Funds to Support Our Beloved Preservation Parks

Building on the success of our inaugural fundraiser in 2024, our guests at the Gala **learned about the treasures** available for all to see in our 12 parks.

Our fundraiser gala brought together **more than 200 friends, partners, and supporters** to celebrate the vital role Preservation Parks plays in our community.

Thanks to **47 incredible sponsors**, we raised a net revenue of \$64,571 for Perfect Schoolhouse restoration as well as general operating support of the Park District.

## Supporting Projects & Programs That Enrich Our Community

### **Bicentennial Barn Renovation**

Raised \$121,838 to restore this historic treasure at McCammon Creek Park, which will provide a gathering place for celebrations, learning, and shared experiences.

### **Perfect Creek One-Room Schoolhouse Restoration**

Raised \$20,700 for the restoration of this historic one-room schoolhouse. The Perfect Schoolhouse, constructed with locally made bricks in 1893, served the community until 1926. It is the last remaining one-room schoolhouse in Trenton Township that has not been demolished, converted, or significantly altered.

### **Summer Letterbox Adventure, Trick or Treat Trail, and the Adventure Run**

Sponsored family events engaging more than 2,000 children and families in exploring the wonders of nature—creating memories, encouraging recreation and sparking curiosity in our youngest visitors.

## Your Generosity Creates Lasting Impact

Every donation, large or small, is an investment in the future of our parks—and in the future of our community. Thanks to you, families can spend time together in nature, children can discover the beauty around them, students learn about our native plants and wildlife, and future generations will inherit these incredible spaces. Your support isn't just about today—it's about making an investment for tomorrow.

**Thank you for helping us protect, restore, and celebrate the places that strengthen our community.**
